Let our Dental Care Navigators help you access the care you need.

Delta Dental of Oklahoma Foundation has launched a program to help divert non-emergent dental patients from hospital emergency rooms. Our Dental Care Navigators will help you find the best resource for your dental care needs and our Urgent Care Fund is available to provide financial assistance to qualifying uninsured patients.

A message to those in need of care

The providers listed in this directory care about you and your situation, and they do all they can (given limited resources) to meet the tremendous need for free and low-cost dental services throughout Oklahoma.

There are two types of clinics/programs listed – **free** and **low-cost**. If you have some financial means, the **nonprofit low-cost clinics and Federally Qualified Health Centers (FQHCs)** provide dental services at lower than average or sliding scale fees and the waiting period for an appointment is short.

Free clinics and programs provide services at no cost and are made possible by volunteer dental professionals and support staff. As you can imagine, the demand for these services is great, but the supply of volunteers is limited. Most have long waiting periods for restorative services (such as dentures and fillings). However, every effort is made to provide timely care to those in pain and at risk for infection. We sincerely hope this directory helps you find the dental care you need.

Other options available for those in need

Did you know that **SoonerCare** eligibility and dental treatment have expanded? For information, see the SoonerCare listing in the Statewide section of this guide.

If your employer doesn't provide dental insurance, Delta Dental of Oklahoma offers **Individual and Family plans** designed to meet the needs of Oklahomans outside the workplace. For more information, please visit: DeltaDentalOK.org/CoversMe.
